BEST OF EHRA 2022

by the Working Group of Arrhythmia - Romanian Society of Cardiology

April 28th, 2022

Dear Colleagues,

We invite you to be part of the “Best of EHRA 2022” Conference – an online event organized by the Working Group of Arrhythmia within the Romanian Society of Cardiology (WGA-RSC).

Throughout the course of one day, we will bring you a selection of the hottest news in the field of arrhythmia diagnosis and treatment, as recently presented during the 2022 EHRA Conference.

The latest data will be presented according to topic – devices, interventional electrophysiology and miscellaneous.

A special Joint EHRA session will address key clinical issues regarding recently published guidelines and the highlights of the 2022 EHRA Conference.

The event is intended for arrhythmia specialists.

Looking forward to meeting you online,

Best regards,

Course Directors: Dragoş Cozma and Ştefan Bogdan
