

Complex Arrhythmia Ablation Workshop

Vth edition (14-15 April 2022 on-line)

Clinic Emergency Hospital Bucharest

Opening – Assoc.Prof. Radu VATASESCU, Prof. Dan DOBREANU, Assoc.Prof. Dragos Cozma

Thursday, April 14

13.00 – 13.20 Antonio Berruezo - Personalized Ablation in Atrial Fibrillation: new developments
13.30 – 13.50 Prof. Tamas Szili-Torok – The usefulness of dipole charge density mapping in the treatment of atrial fibrillation and atrial tachycardias
14.00 – 14.25 Assoc. Prof. Marius Andronache: Ablation of atrial tachyarrhythmia with extended and/or difficult-to-reach substrate: an update
14.30 – 14.50 Assoc. Prof. Călin Siliște – Atrial arrhythmias post atrial fibrillation ablation: mechanisms, diagnosis and catheter ablation
15.00 – 15.30 Case Presentation 1
15.30 – 16.00 Pause
16.00 – 16.20 Assoc Prof. Dragos Cozma - Atrial fibrillation ablation in HF: tachyCMP (induced and/or superimposed), CRT and ICD patients
16.30 – 16.50 Prof. Horatiu MOLDOVAN - Surgical ablation in atrial fibrillation
17.00 – 17.20 Prof. Philipp Sommer – Catheter ablation of cardiac arrhythmias after heart transplantation – focus on atrial arrhythmias
17.30 – 17. 50 Prof. Thomas Deneke - Imaging-guided VT ablation
18.30 – 19.00 Case presentation 2

Friday, April 15

13.00-13.20 Senior Lecturer Sebastian Onciul - Role of multimodal preprocedural imaging in ventricular arrhythmia ablation
13.30 – 13.50 Diego Penela - Catheter ablation of PVCs in structural heart disease with LV systolic dysfunction.
14.00 – 14.20 Elena Ene – Catheter ablation of ventricular arrhythmia in patients with implantable ventricular assist devices
14.30 – 14.50 Assoc. Prof. Stefan Bogdan – Fluoroless catheter ablation of „simple” arrhythmias
15.00 – 15.30 Case Presentation 3
15.30 – 16.00 Pause
16.00 – 16.20 Assoc. Prof. Radu Vatasescu - Catheter ablation in electrical storm.
16.30 – 16.50 Prof. Dan Dobreanu - His bundle and LBB area pacing: an update.
17.00 – 17.20 Corneliu Iogulescu - Lead extraction: an update and personal experience.
17.30 – 18.00 Case Presentation 4
18.00 – 18.10 Closing remarks

Re-Live (pre-recorded) cases:

1. Ultra high density mapping and ablation in atypical flutter in a GUCH Bucharest
2. VT & PVC ablation in adult with surgical correction ToF Bucharest
3. Fluoroless SVT ablation Bucharest
4. His bundle/LBBA pacing Bucharest
